Christopher Porter, Deputy Chief

Edward Quinn, Deputy Chief

ROADWAY: 900 block Central Ave.

SPEED SURVEY

July 2022

INITIAL COMPLAINT: The Traffic Safety Unit conducted this survey based on complaints that were received from a resident.

DESCRIPTION OF AREA: The 900 block of Central Ave. is a two-lane roadway posted at 25 MPH. It is two lanes, one north and one south. It intersects Lincoln Ave. to the south and Jefferson Ave. to the north. It is located in the Ardsley section of Abington Township. There are residential homes on the east and west bound sides of the street.

INFORMATION GATHERING METHOD: Speed survey was conducted with a RADAR TRAFFIC COUNTER. The counter is attached to a pole and uses radar to record traffic volume and speed data. Crash data was obtained from the closest two intersections (Lincoln Ave. (south) and Jefferson. [north]) for the past 5 years. Crash data showed no crashes at either intersection over the 5-year period.

FACTORS: The speed of the vehicles using this section of Central Ave. showed that 1.0 % of the traffic met the criteria for enforcement. The 85th percentile speed for this section of Central Ave. was 27.9 MPH. 775 vehicles were monitored in this survey.

ANALYSIS: At this time, speeding does not seem to be an issue on this section of Central Ave. The average speed was 23 MPH. Based on the analysis, the roadway appears to be appropriately posted.

RECOMMENDATIONS: The TSU when available will utilize portable speed signs to make motorists more aware of their speed.

Officer Alan Freed #1633, Traffic Safety Manager
